

Informed Consent Form

Project Title: _____

You are invited to participate in a User Experience (UX) design study. This study aims to evaluate and improve the usability and design of digital products (such as a website, mobile app, or system). Your participation is voluntary. You may choose to stop the session at any time without giving a reason, and there will be no negative consequences.

To preserve your anonymity, your personal information will not be shared with anyone. The data collected will be used only for academic purposes and will not be published or disseminated publicly without your consent. In addition, anonymized data from this study may be used to create user personas to better understand user needs and improve design outcomes.
